Mr. Robert S. Holliman,
Elba, Alabama.

Dear Roberts:

It has been a long time since I have heard from any of you, so I hope all of you are still alright and making good. I was in the hospital in April for prostate surgery, but have recovered very well, and am getting my strength back. I have resumed working on some of the family histories I had started, and need some help from you.

I have a pretty good manuscript developed on the family of SAMUEL TAYLOR WALKER, our great-grandfather. He was a son of Andrew Walker and a Grandson of James Walker, born in Penn. in 1765, and who settled at Montevallo in 1817, where he became one of the 1st county judges. Grandma Holliman was born near Shelby Springs in 1846, and came to Fayette County by Ox team in the late 1850s.

I am now down to the point of getting information on our present generation.

I need to know the birth date of Tilman Finley, the date of his death, the names of his father and mother. I need to know Major's second wife's name and the names of her father and mother, and when she was born. I need to know where Ruth Mize was buried. Also, I need to know the names of Uncle Greene's grand-children, the dates of their births, and if any are married, the date of same, and the names and dates of birth of any of their children. I need to know the name of the cemetery where Aunt Carrie is buried.

Also, I need the mailing address of each of your brothers and sisters.

Can you help me out on this?

We had a pleasant surprise a couple of years ago when Vergie and Rassina came by to visit mama. She is now 97 years old and is living in the Lakeview nursing home, and is in fairly good health.

Let me hear from you at your early convenience, and with kind regards, I am,

Yours very truly,

C.R. Holliman,

Dear Mrs. Davis:

I thank you very much for the information you have given on yourself and children. I have included this data in my notes. When I get this manuscript completed I plan to submit it to Mrs Evelyn Walker Robertson at Fayette, Alabama, for criticism, and if it is not published in book form, I will certainly supply the State Department of Archives, and the Library at Fayette and Birmingham with copies for their genealogical departments.

I have not yet investigated to find out the cost of publishing in book form, but will eventually do so.

For your information, James Walker, born 1765 in Pennsylvania, came to Shelby County, Alabama about 1817. He was a prominent official in County and local affairs, at Montevallo, and was clerk of the early county courts there. Most of the early records are in his handwriting. He had a large family, and I have been able to identify several of his children, and to follow their family lines. One of his sons was Andrew, who married Jean Evelyn Gamble. The oldest son of Andrew and Jean was Samuel Taylor Walker, who moved to Fayette County, around 1858. Andrew and all of his children had left Shelby County before 1860. Andrew and wife went with their second son, Aaron G. Walker to Moulton in Lawrence County, Alabama, and spent the balance of their lives. There are still a lot of Walkers in Shelby County who are blood relations of the Walkers of Fayette and Lawrence Counties.

Again, I thank you for your assistance. With kind regards,
I am,

Yours very truly,

C.R. Holliman.

Mrs. T.H. Robertson,
Vernon Road,
Fayette, Alabama. 35555.

Dear Evelyn:

Thank you for sending me the material on the Walkers. Carey Walker and I began spasmodic work on the Walker family history in 1964, and this continued until his death. Since then I have been working along on the project from time to time, as a hobby, and hope to be through with the manuscript sometime this spring. Unfortunately last week when I was down at the farm in Shelby County, I injured one of my fingers, so I find typing difficult, and hope to be able to resume work on the project in about 10 days. I had planned to work out one line of the family at a time, and was about ready to write you, when your letter came. I will need a little more data on your family, so might as well spell it out now. As I recall you went to Montevallo College I need to know what colleges you and your sister attended, and the Degrees earned. I also need this data on your sister and your respective husbands.

When I get the manuscript completed I had intended to bring it over to Fayette, and to ask that you read and ~~critique~~ ^{critique} it, in view of your past experience with publications similar to this. So, if agreeable, I will be over there sometime before April 15th. I must get my income tax report made and filed, so for the next two weeks can not do very much on the Walker file.

Primarily I had intended to prepare a directory of the descendants of Samuel Taylor Walker. With this I intend to show the line of descent from James Walker, born 1765 in Penn., who was in the 1816 census of the Mississippi Territory, and in the 1820 Census of Alabama. He was then living at Montevallo, and evidently arrived there sometime before 1820, and I would guess in 1816. He had previously lived in North Carolina, South Carolina and Georgia. He had a large family, and some of his children were born in each State. His wife was Sarah, proven by the deed records in Shelby. I have proof on three of his children, and have identified them, but due to missing marriage records in Shelby County from 1828 to 1837, I can only surmise that other known Walkers were his children. Like all genealogical work you can never be certain that you are through. About the time you think you have all the worth while data, you discover a new tangent, and off you go on a new trail. James Walker's son Andrew married Jean Evaline Gamble in Shelby County, and Samuel Taylor Walker was their oldest son. He married Elizabeth Johnston, and they moved to Fayette County around 1858. Elizabeth died in 1879, and is buried in the old cemetery at Pilgrim's Rest, and her grave is marked. He later married Salina Moss, and the family had a big argument and the two boys then at home, Greene and Andrew both left. He died of a lip and face cancer late in 1899 or early 1900. He is buried next to Elizabeth at Pilgrim, but the grave is not marked, unless Carey's brother put up the Confederate monument he obtained and kept at home for many years. Two Daughters Samantha Ann and Keroline are buried next to Elizabeth's grave.

I had Carey read "John Walker of Wigton Scotland" in the Southern History Section of the Birmingham Library - approximately 400 pages, published in 1902. We checked a lot of Walkers in North Carolina, and especially Union County. Carey was of the opinion that James Walker's father was a John Walker, from Union County. I am not certain of this, but I believe that John Walker was his father, but possibly

not the same John Walker from Union County. I wonder where the story started that James Walker, and family, and particularly Samuel Taylor Walker, came from Union County, N.C. I have been to Monroe, N.C. a number of times, and have done research there and in Anson County. My Hollimans came from Anson County, which then included Union County. The Blakeney's at Newtonville came from Chesterfield County, S.C. actually only a mile or so from the Hollimans site. There were then and still are a lot of Walkers there. My Baker line came from Mecklinburg County, which adjoins Union, so I have had a lot of checking done in that area. Our great grandfather, Samuel Taylor Walker was definitely born in Shelby County, Alabama, and was a grandson of James Walker, who was prominent in the area and a County official when the County site was at Montevallo. The earliest court records (still available for inspection by the public), are in his handwriting.

You asked about John J. Holliman (called "Crippled John". He was a distant cousin of Grandpa John Thomas Holliman. During their boyhood, there were three John Hollimans living in the same neighborhood around Hico. There was Crippled John, who had suffered a brokenhip as a child and had a limp in his gait. Grandpa Holliman was called "Hico John" because he lived near there. "Black John", a swarthy complected son of Charles Holliman, who lived at Newtonville was the third John. Crippled John, son of Cornelius, killed at Petersburg, married Keroline Walker. Grandpa married Martha Jane Walker, sister of Keroline. Grandpa and Martha Jane are buried at Cain's Ridge Cemetery. The other John T. Holliman, who obtained the first government land purchase in Fayette County, and who is probably buried at Hopewell, I have never been able to identify, and do not know of any relationship.

I have pretty good family information on Grandma Martha Jane Holliman's descendants. I have fair information on Samantha Ann's descendants, and fair information with some blanks on Keroline W. Holliman's line. Your Grandfather Pinkney Monroe Walker was born in 1808 in Shelby County, and I have the census records on much of the Walker background there. I have good information on Uncle Greene Walker's descendants and on Uncle Andrew Walkers family.

Willis Johnny Holliman, the youngest son of Aunt Keroline and husband Crippled John had the family Bible of Samuel Taylor Walker. It had originally belonged to Andrew and wife Jeaney, and both families were entered therein. Johnny is now dead, and his daughter, Jewell Howard, route 2, Kennedy supplied me a good bit of data on Keroline's line. I hope that she is taking care of that bible, and that it will not be lost.

Incidentally, Elizabeth Scrivner, the wife of John R. Scrivener, was originally Elizabeth Clar Walker, sister of Samuel Taylor Walker.

James Aaron Gamble Walker, was another brother of Samuel Taylor Walker. He moved to Lawrence County, Alabama, before 1870, and settled in the outskirts of Moulton. He became County Tax Assessor, and so did one of his sons. Andrew Walker and Jeanie were there in 1870 when the Census was taken, and made their home with Aaron. They are probably buried at Moulton. Another Brother, Robert Gamble LaFayette Walker married Narcissa Bragg in Shelby, had a family, and I think moved west, as I find no trace of him. Another Brother Thomas C. Walker evidently died young, as I find no record of him in Shelby. There were three other children, of which I have no record.

Be sure to supply me with a list showing the full names of your children, and Edwina's children, dates of birth, education, occupation, and if different from yours their permanent mailing addresses. If any are married, then supply also names of spouses

Incidentally I have partially completed manuscripts on the Blakeney's, Holliman's and Bakers, of Newtonville, and hope to complete them in the next few years, if I can hold out. Edwina might be interested in the Blakeney's for her husband is a descendant of Thomas Blakeney, grandson of Captain John Blakeney of Chesterfield Co. S.C. He was a Captain in Frances Marion's troops in the Rev. War. My grandmother Baker died at Fayette in 1855, then over 100 years age. She was Belzianne Blakeney, grand daughter of Thomas, of Newtonville. She and Dr. Curt Branyon were 1st cousins.

Again, thanks for the assistance. I will be in touch.

Sincerely,

C.R. Holliman.

Mr. W.J. Holliman,
RFD- Fayette, Alabama.

Dear Mr. Holliman:

Several years ago, Carey Walker and I were doing some work on the Holliman and Walker family lines, and he obtained from you the Bible that your Mother once owned, and I got a chance to inspect it. Since then, of course, Carey has passed on.

I am now in better health, and am trying to complete the family data on SAMUEL T. WALKER, my great grandfather, and who I am informed is your Grandfather. I am enclosing a copy of a page from my notes which concerns Aunt Caroline Holliman, who married John J. Holliman. This is all the data I have, and I would like to get additional information to put in my notes. There is a possibility that I may eventually get this published in book form, hence I would like for my information to be correct.

I need to know the names, birth dates, names of children, marriage dates, death dates, place of burial on as many of these parties as you can supply me. If you cant supply the data, will you ask someone in the family who knows, to try and get up the information.

I will appreciate hearing from you at your early convenience
Thanking you, I am,

Yours very truly,

C.R. Holliman,

Dear Mr. Walker:

Your address was supplied me by Mrs. Mary T. Benton.

I am writing a resume on the descendants of James Walker of Shelby County, Alabama, who arrived at Montevallo with his eight children and wife in 1817. His son, Andrew was the father of Samuel T. Walker, who came to Fayette County from Shelby in the late 1850s. If I can secure enough information to make the resume representative of the family, I hope to get it published in book form. A great deal of research has been done on the early Walkers, and I have around 150 pages completed.

I know that Uncle Green and his wife are buried at Chapel Hill Cemetery, and that John Urban and wife Earnestine are buried at Old Shepherd Cemetery. I need to know the names of Uncle Green's children, who they married, the names of their children and grand children, the present address of the living, and the name of the cemetery where the deceased ones are buried. If any had college careers, I would like to know the name of the School, and what Degrees, if any were given. The date of marriage, or death is important, but not absolutely necessary.

Can you help me out on this? I will certainly appreciate any help. For your information, My Father was J.M. Holliman of Fayette. I am a retired attorney, now aged 74 years, and have been working on some type of genealogy of the Walker, Holliman, Blakeney and Baker families for more than ten years.

Will greatly appreciate hearing from you.

Sincerely,

Dear Cousins:

I have received your letter of December 13th, for which I thank you.

I hope that you will soon supply me with a list of your Grandmother's descendants, for use in connection with my notes on the descendants of James Walker of Shelby County, Alabama. He was the Father of Andrew Walker, who in turn was the father of Samuel T. Walker. I have approximately 150 pages of typed data on the Walker family, and want to make my notebook as complete as possible. It may be published in book form, if I can assemble enough data.

I want to know the names of your Grandmother's children, who they married, the names of their children and grand children, who they married, and if dead, where they are buried. If alive, I would like to know their present mailing addresses.

I need this same information on your Grandmother's sister's family, and who she married.

I am writing Mrs. Lillian Deal at Oakman, Alabama, and requesting that she let me have all the information she can. If people cannot supply all the information, I would like for them to give me such information as they have.

I am writing Mr. E.F. Walker, at Fayette, Alabama, (922 3rd Ave, NE), and asking his help on Uncle Green's family. If I am not mistaken he is Fenton Walker.

Let me hear from you, as I want to get this work all completed within the next month or so.

Mrs. Lillian Deal,

Dear Mrs. Deal:

Your name and address was supplied me by Mrs. Mary T. Benton, RFD-1, Fayette, Alabama.

I am preparing a resume on the descendants of James Walker of Shelby County, Alabama, who settled at Montevallo, Alabama, in 1817. He was the father of Andrew Walker, who in turn was the father of Samuel Taylor Walker of Fayette County, Alabama. Samuel T. Walker married Elizabeth Johnston in Shelby County, Alabama, and they were the parents of Samantha Ann Walker, who married Frank M. Laboon in Fayette County.

I need to know the names, dates of birth, dates of marriage, names of persons they married, of both Mary E. Laboon and her children and grand-children. I need to know the present addresses of the living, and the place of burial of the deceased ones. If any had benefit of college or university training, I need to know the name of the school, and the degree, if any earned.

If I can assemble this data, and make the resume representative of the family, it is likely that the material will be published in book form. I will have to wait until I see what information I can assemble.

I will appreciate anything you can do to assist, and I hope that you can supply me with usable information. Of course, I realize that it is not always possible to get full details, so will appreciate what data you can supply.

Please let me hear from you at your early convenience. I am trying to complete this entire project early in 1977.

Dear Mr. Holliman:

Your name and address was supplied me by Mrs. Jewell
K. Howard, Route 2, Kennedy, Alabama.

I am working on a resume showing the descendants of
James Walker, of Shelby County, Alabama, who arrived at Montevallo in
1817, with his wife and eight children. His son, Andrew married
Jeanie Evaline Gamble, and they were parents of Samuel Taylor Walker.
Samuel married Elizabeth Johnston in Shelby County, and moved to Fayette
County in the late 1850s, with their five children. One of these
children was Caroline F. (Keroline) Walker, who married John J. Holliman,
called "Crippled John". They were the parents of John Wilton Holliman,
who I understand was your Father. Mrs. Howard has supplied me with
some information on your brothers and sister, but I still have some blanks
to fill in.

I need to know the names of your children, who they married,
when they married, and present addresses if living. If deceased, I need to
know the cemetery where buried. I need this same information on their
children, and grand children, if any. If any of them attended a College
or University, I need to know the name of the school, and what degrees, if
any they received.

I also need this same information on the children of
Lona, your sister, who married Erman Duckworth.

Can you help me out on this matter?

It is possible that if I can secure enough information
on the many branches of the family, that I can get the material published
in book form. That all depends on how much accurate information I can
assemble. For your information, I have been working on this matter for
about ten years, and have assembled about 100 pages of material.

I will certainly appreciate it if you will help me out.

Thanking you, I am,

Dear Marguerite:

Hope that you are getting along alright. We have not heard from you lately. Ruby and I are still kicking, but not very high. She has arthritis in her hands and spine, and has to stay under a doctor's care. I had prostate surgery in April, and am slowly recovering, but at age 74 dont expect to get very active in any kind of work.

I have begun a project that has interested me for many years. I am trying to write a resume of the descendants of James Walker, who came to Shelby County, Alabama, with his wife and eight children and settled at Montevallo. His son, Andrew married Jeany Evaline Gamble, and they were the parents of Samuel Taylor Walker, who married Elizabeth Johnston and moved to Fayette County in the late 1850s. Grandma, Martha Jane Walker was a daughter of the marriage of Samuel and Elizabeth.

I have progressed and now have assembled some 150 pages of materials. In order to round out the notes, I need as much data on the modern generation as I can secure. I have your birth date, and other data on your family, but as I recall you attended Athens College. I need to know if you graduated, and the degree awarded.

Please let me hear from you at your early convenience, as I am trying to get through with this job early in 1977.

Hope you have a nice Xmas and a prosperous New Year.

Dear Cousin:

I have your letter of February 19th, for which I thank you.

I appreciate very much the help you have given in supplying the list of descendants of your Mother, as well as your Aunt, Mrs. Davis.

After you supplied the original information on the Davis line, I wrote Mrs. Diehl, and received a reply from her, but there are still a few blank places in the information. I am awaiting replies from Walker Glover Davis, who resides on 5 Mile Road, Birmingham, Alabama, and from Mrs. Audrey R. Davis of 3159 Estes, Memphis, Tenn., and from Mrs. Carol Caldwell, Mulga, Alabama, and from Mrs. Amelia Swindle, Route 2, Parrish, Alabama. I think that if these people will respond with the necessary information, that I will have a pretty accurate statement of the heirs of your Grandmother.

I still lack some information in the Crippled John Holliman family, and am again writing to Mrs. Jewell Howard, Route 2, Kennedy, Alabama. I need to get the data on Rev. Roscoe Holliman's children, but he did not respond to my letter addressed to him on Route 1, Kennedy, Alabama. I also need the information on his sister's children. His sister, Lona married Ermon Duckworth.

It seems that in every family, there is always someone who will not answer a direct request, so I am short a little information on one of Uncle Greene Holliman's children, and also some line of U.S. Holliman's children. It looks like its going to be a slow process in getting full detailed necessary information.

I have received full data on Fenton Walker's line, and have written Mrs. Evelyn Walker Robertson at Fayette and told her what I was doing, but have not received data on her family.

I will keep you posted, and appreciate all the help you have given.

Sincerely,

C.R. Holliman.

Dear Cousins:

I received your letter of June 9th, but have had a pretty heavy schedule this summer, so am just now getting around to answering. We went up to Virginia Polytechnical Institute and State University to graduation of our Grandson Daniel Rhodes Holliman, and stayed a week. Have had a lot of local activity so have not had much time to work on the family history. Then too, as in all such cases as this, there are always a few people who will not answer a letter and give information. I have had difficulty in getting information on the Leander Holliman family, but have written Mrs. Jewell Howard, and hope that she can get some response. Also on the Davis family, I have had difficulty in getting one family to respond, but have now written some other parties, and hope to get the information through them.

Since I have two grandsons in medical school, and am paying part of their expenses, I have had to sort of reduce my style of living for a while. I am enclosing my check for \$5.00 to help out on the Cemetery fund.

I do not know anything about the Caine family, but expect that you might get some information through Uncle Ulyses Holliman's children. Some of them are as follows:

1. Mrs. Vena V. Bucheit, 239 Mills Ave. Soartainburg, S.C. 29302.
2. Euhaj A. Holliman 2300 3rd Ave. S. Irondale, Ala. 35210.
3. Mrs Loudelle Ferrell, Address not known.
4. Homer B. Holliman, 1095 Mt. Vernon Rd. Cookesville, Tenn.
5. Mrs. Virginia R. Cornelius, 1549 Wellington ~~View~~ View Rd., Homewood, A

Mrs. Mary T. Benton,
FFD-1, Fayette, Alabama.

Dear Cousin:

I have been working in my spare time over the last few years on some family histories, among which is the family of great grandfather Samuel T. Walker. He was born in Shelby County, Alabama, and was the son of Andrew Walker, and grand son of James Walker. James Walker came to Shelby County around 1817, and was one of the first judges of the County Court. At the present time my material is largely in the form of notes taken over the years from county records, census records and so forth. According to the 1880 Census of Fayette County, the family of Frank M. Laboon (Wife Samantha Ann Walker - daughter of Samuel Taylor Walker), shows that they had two children, viz: Mary E. Laboon, age 8, born in Ala., and Martha M. Laboon, age 2, born in Ala. Frank M. Laboon and Samantha Ann Walker were married, according to my records, in 1871. She died in 1881, and is buried at Pilgrim's Rest. It was a ten year marriage, and I judge the two children mentioned above were all that was born to them.

I need some information for my records, and for the manuscript I hope to prepare. I need to know the names, Date of birth, date of death if deceased, name of cemetery where buried, if deceased, and if alive the present mailing address, date of marriage, of these two children, and their descendants. The information should be shown by families, so that the data will be readily understandable. This would include your children and your generation and your mother's generation. I would also like to know the names of your Grandfathers and Grandmothers, other than the Laboons.

Will you help me on this? I am also writing to Grady Holliman today, asking that he supply me this information on his generation and the children of Jessie, his sister.

I was in the hospital in the later part of April for surgery, and have pretty well recovered, and hope to be more active for a while. I would like to get this history completed, and possibly get it published in book form. I hope that you will help me out. Trusting that I may hear from you at your early convenience, I am,

Yours very truly,

Mrs. Mary T. Benton,

Fayette, Alabama .

Dear Cousin:

I have received your letter, and enclose herewith my check to your order for \$10.00, as a contribution to the building fund at Gaine's Ridge Church. I am a little pushed for funds this year, as I have two grandsons in medical school, and it is pushing my son and me to keep them there. Going to school to become a doctor is pretty expensive now adays. I hope this small contribution will help. I have given your letter to my Brother C.B. Holliman, and he said he would send a check. I hope he does not forget it.

I heard from Rev. R.R. Holliman, but he did not supply all the information I needed, so have written him again. I have been able to get a lot of information on the family, and most every one has been cooperative.

I had thought that I would be able to complete my work on the Walker manuscript by April 15th, but it looks like I will be delayed. Both my wife and I had the flu and it has taken us about a month to get over it. We celebrate our 50th wedding anniversary next month, so I guess that I will not be able to get down to Shelby County as often as I need to.

If you see Fenton Walker, tell him that I will see him sometime this summer.

Yours very truly,

C.R. Holliman.

Dear Sir:

I am preparing a directory of the descendants of Samuel Taylor Walker of Fayette County, Alabama, and also a synopsis of Walker History from James Walker, born 1765, who settled at Montevallo, Alabama, in 1817. There was a large family of these Walkers, and Samuel Taylor Walker was a grandson of this James Walker.

I have already secured much information on the descendants of John J. Holliman (Crippled John), who married Caroline Walker, from Rev. R.R. Holliman and others, and he suggested that I write you.

I need to know the full proper names of all of the children of Leander Holliman and wife Nancy B. Holliman. Also, the names of the grand children, who they married, and any other statistical data available.

I will greatly appreciate your assistance. If you cannot handle this please get someone else in the family to supply the information, and ask them to rush any help they can give.

For your information, my father was J.M. Holliman, who was an attorney at Fayette for many years in the early part of this century. Thanking you, I am,

Yours very truly,

C.R. Holliman.

Dear Mrs. Davis:

I am preparing a history of the Walker Family of Shelby County, Alabama. This manuscript will include a directory of the descendants of Samuel Taylor Walker, of Fayette County, Alabama. I would like to obtain from you data concerning your children, since your deceased husband was one of the descendants mentioned above.

I need to know the full names of each of your children, the dates of each birth. If married, the name of the husband or wife, and the names of any children, and date of birth.

I will greatly appreciate it if you will furnish me this data.

Yours very truly,

C.R. Holliman.

John J. Holliman

Co. H. 41 Ala. Infantry C. S. A.

He was married to Martha Jane Walker (1846-1931)
by Minister J. B. Rabois on Feb. 17, 1875

They are both buried at the
Hopewell Primitive Baptist Church Cemetery
in Fayette County and is located .4 miles
off west side of W. S. Highway 43 about 4 miles
North of Fayette.

I get confused about two Holliman's
marrying two Walker sisters. What kin was
the Holliman's? your grandfather is John J. I know
but the other one is sometimes referred to as
"J. J." or "John J." If that is correct, they can not
be brothers.

E. J. Walker called me, just before
Christmas, asking me to send some Walker information
to you. This is all I know because I waited too long.
we are "too late now". I hope this will help
you some. I surely would like to reserve a
copy if you do in publishing.

Good Luck!
