✓

1. The first part of the paper is devoted to a general introduction of the subject. It is here that the author sets out the main objectives of the study and the scope of the work.

2. In the second part, the author discusses the theoretical aspects of the problem. This includes a review of the existing literature and a presentation of the author's own theoretical framework.

3. The third part of the paper is devoted to the empirical analysis. Here, the author presents the data used in the study and the results of the statistical tests.

4. Finally, the author concludes the paper with a summary of the main findings and some suggestions for further research.
