

## T H E            H O L L Y M A N            F A M I L Y

The following is the lineage of Christopher Hollyman as given to us by George A. Holleman in his book the "The Hollyman Family" published in 1953. It was his belief that all American Hollymans, Hollimans, Hollemans, et. al. spellings of the name are linked to Christopher Hollyman. If we accept this premise our objective would be to connect our ancestor Cornelius Holliman (born 1792) to this lineage.

All Hollymans (et. al.) that are perceived as possible links to our ancestor Cornelius Holliman are shown as underlined and in bold print. This may facilitate future research that hopefully would connect us to Christopher Hollyman of Isle of Wight County, Virginia.

It was the intent of George A. Holleman to encourage other Hollymans (et.al.) to make the connection to his lineage. In our efforts to do so we are forever grateful for his contribution to the history of the family name.
